

The 9th KAGRA International Workshop

Monday 06 June 2022

Gravitational Wave Detectors (14:30-17:00)

time	[id] title	presenter
14:30	[19] The status of VIRGO	Raffaele Flaminio
15:00	[20] Status of 12m kHz GW detector prototype at Beijing Normal University	Mengyao Wang
15:30	Break Time	
15:40	[24] LISA overview	Gerhard Heinzl
16:10	[25] DECIGO: a space gravitational-wave antenna	Masaki Ando
16:40	[26] Control of Dual-Pass Fabry-Perot cavity for space gravitational wave antennas : DECIGO and B-DECIGO	Masaya Ono
