

Neutrino Scattering: Theory, Experiment, Phenomenology (vSTEP 2024)

Saturday 18 May 2024

overview talk 2 (10:30-12:00)

-Conveners: 甫荣(Furong) 许(Xu)

time	[id] title	presenter
10:30	[2] Nuclear weak currents from chiral effective field theory	炳蔚(Bingwei) 龙(Long)
11:00	[4] Neutrino interaction cross section: from low to high energies	玉峰(Yufeng) 李(Li)
11:30	[5] An overview on the recent progress of high-energy neutrino astronomy	东莲(Donglian) 徐(Xu)
