

# East Asian Workshop on Exotic Hadrons 2024

## 1st circular

Since the discovery of the  $X(3872)$  by Belle in 2003, many XYZ and Pc states have been discovered over the past two decades. These intriguing states have reinvigorated the field of hadron spectroscopy. Anticipating the discovery of even more exotic hadrons in the near future, we aim to enhance collaboration and scientific activities. Following the series of international workshops on Hadron and Nuclear Physics (HNP2009-HNP2017) and the Nagoya Workshop on Exotic Hadrons in 2023, we are pleased to announce the **East Asian Workshop on Exotic Hadrons 2024**, which will take place at Southeast University in Nanjing, China, from December 9th to 11th, 2024 (with December 8th reserved for registration). This workshop will focus on theoretical and experimental studies of exotic hadrons, including investigations into their structures, interactions, production, and decays. This workshop is jointly organized by Nanjing Normal University and Institute of Modern Physics, Chinese Academy of Sciences.

We eagerly look forward to welcoming you to Nanjing!

## Dates and Venue

- **Date:** December 9th (Monday) to 11th (Wednesdays), 2024, with December 8th (Sunday) for registration. One-day excursions are planned for both December 8th (Sunday, preferred due to the weather condition) and December 12th (Thursday), so please feel free to come and leave at any time.
- **Location:** Nanjing, China.

## Important dates

- **May 18, 2024:** Registration and abstract submission begin.
- **August 18, 2024:** Deadline for abstract submission.
- **August 18, 2024:** Deadline for registration from outside of China.
- **November 8, 2024:** Deadline for registration of Chinese participants.

## Registration and abstract submission

Registrations will open on May 18, 2024. Please register on the workshop website <https://indico.itp.ac.cn/event/247/>. The conference fee is 1500 RMB (about 200 USD), payable on-site. It covers lunches, dinners, the banquet, and excursions.

## Accommodation

Local organizers will handle reservations. Accommodation prices range from approximately 400-600 RMB (about 60-90 USD) per day.

## Banquet and Excursions

The banquet is scheduled for December 9th (Monday). One-day excursions are planned for both December 8th (Sunday) and December 12th (Thursday). Given the typically favorable weather, we recommend participating in the excursion on December 8th. If you wish to attend, please register at the designated "Registration" section. You may adjust your schedule during on-site registration.

## VISA

Participants who need a VISA please contact [nanjingworkshop@gmail.com](mailto:nanjingworkshop@gmail.com).

## International Organization Committee

Takumi Doi (RIKEN)  
Li-Sheng Geng (Beihang University)  
Feng-Kun Guo (ITP-CAS)  
Masayasu Harada (Nagoya University)  
Atsushi Hosaka (Osaka University)  
Hyun-Chul Kim (Inha University)  
Yongsun Kim (Sejong University)  
Su Houg Lee (Yonsei University)  
Xiang Liu (Lanzhou University)  
Seung-il Nam (Pukyong National University)  
Chengping Shen (Fudan University)  
Denny Sombillo (University of the Philippines Diliman)  
Qian Wang (South China Normal University)  
Yasuhiro Yamaguchi (Nagoya University/KMI)  
Yu-Peng Yan (Suranaree University of Technology)  
Qiang Zhao (IHEP-CAS)  
Shi-Lin Zhu (Peking University)  
Bing-Song Zou (Tsinghua University)

## Local Organizers

Dian-Yong Chen (Southeast University)  
Hua-Xing Chen (Southeast University; [hxchen@seu.edu.cn](mailto:hxchen@seu.edu.cn))  
Bing-Ran He (Nanjing Normal University)  
Zhun Lu (Southeast University)  
Ju-Jun Xie (IMP-CAS; [xiejujun@impcas.ac.cn](mailto:xiejujun@impcas.ac.cn))  
Hai-Qing Zhou (Southeast University; [zhouhq@seu.edu.cn](mailto:zhouhq@seu.edu.cn))  
Zhi-Yong Zhou (Southeast University)

## Contact

Please contact local organizers at [nanjingworkshop@gmail.com](mailto:nanjingworkshop@gmail.com).
