

The 2nd Workshop on Polarized Beam and Target - Physics and Applications (PBT2026)

Tuesday 31 March 2026

Session 2 - Hall 1, Conference Center (14:00-15:40)

time	[id] title	presenter
14:00	[4] Polarized Nuclear Physics Program at FAIR	Yury Litvinov
14:50	[6] Electric Dipole Moments of Charged Particles: Probing Fundamental Symmetries with Storage Rings	Yannis Semertzidis

Session 2 - Hall 1, Conference Center (16:00-17:40)

time	[id] title	presenter
16:00	[5] Decoherence of The Deuteron Tensor Polarization	Nikolai N. Nikolaev
16:50	[7] Spin Physics at HIAF	Boxing Gou
