

The 2nd Workshop on Polarized Beam and Target - Physics and Applications (PBT2026)

Thursday 02 April 2026

Session 6 - Hall 1, Conference Center (14:00-15:40)

time	[id] title	presenter
14:00	[18] Polarized H/D Target at FZJ	Ralf Engels
14:50	[19] Experiences with Polarized Atomic Beam Sources and Spin Physics at BINP	Dmitriy Toporkov

Session 6 - Hall 1, Conference Center (16:00-17:40)

time	[id] title	presenter
16:00	[20] Polarized ^3He in High Magnetic Fields	Xiaqing Li
16:50	[21] H/D Polarized Target Project Conducted for SPring-8	Norihito Muramatsu
