Neutrino Scattering: Theory, Experiment, Phenomenology (vSTEP 2026)

Saturday 21 November 2026

session 5: Hanlin B331 (14:00-15:15)

-Conveners: Jin-Han Liang

time	[id] title	presenter
14:00	[13] Measuring delta at accelerator experiments using only the neutrino sector	Emilio Ciuffoli
14:25	[31] Constraining neutrino self-interactions at colliders	Hongkai Liu
14:50	[15] Dark dimension right-handed neutrinos confronted with neutrino oscillation experiments	Yinyuan Huang
